Vinyl fencing is one of the most durable and beautiful fencing materials with a lifetime product warranty plus a 5-year workmanship warranty. Virtually maintenance free, vinyl fencing can provide privacy, enclose an area, define a boundary or keep animals in. Vinyl fencing comes in many styles and colors or in combination with other materials such as our patented Forever Fence in vinyl and steel deco mesh. Gaining in popularity are darker colors such as black, two-tone color combinations, and mock wood styles.
